EXPERIENCE

Web Developer

Freelancer

📅 08/2019 - Ongoing   📍 Bulgaria

As an IT specialist focusing on delivering top results in systems and software development, it is a pleasure to have happy customers after each project. From consulting with clients and developing initial ideas and concepts to managing all facets of projects, my previous experience in various industries has prepared me to excel in this freelance joyride. Enjoying time management and customer satisfaction from my work in full.

- Three projects, 2/2 happy clients

Technical Support for Google Applications

Sutherland Global Services

📅 2015 - 2018   📍 Sofia, Bulgaria

SGS is a big international corporation with more than 40 000 employees allover the world, one of the companies which Google have chosen to handle the support for their applications

- I was first point of contact with Google customers to support their query
- Compiled and analyzed customers' requirements to give the best advice and resolve their query
- Fully documented every query, including all resolution steps to ensure documentation best practices
- Took, owned and closed the customer support requests as assigned, seeking support where required
- Protected confidential and sensitive information and materials
- Collaborated with other team members to provide high quality support
- During my time in SGS I exceeded every metric target that Google required

Account Manager

Caretower Ltd

📅 2012 - 2014   📍 Sofia, Bulgaria

Caretower IT Security Specialists is a company dedicated to information security for over 15 years.

- I engaged in customer service by making information readily available
- Persisting in sales even in the face of failure, and hit my individual targets on monthly bases
- Answering questions from clients
- Researching client base to find new types of customers and selling to them accordingly
- Analyzing and creating a plan for engaging the target market
- Analyzing the competition to create a plan for engagement
- Demonstrating superior time management skills and meeting sales deadlines
